You should rely only on the information contained in this document or to which we have referred you. We have not authorized anyone to provide you with information that is different. This document may only be used where it is legal to sell these securities. The information in this document may only be accurate on the date of this document.

WHERE YOU CAN FIND MORE INFORMATION

The following document, which we have filed with the Securities and Exchange Commission under Section 13 of the Securities Exchange Act of 1934, as amended, is incorporated by reference: our Annual Report on Form 10-K for the year ended December 31, 1998. Our file number with the Commission is 1-3579. See "Incorporation of Certain Documents by Reference" in the accompanying prospectus for further information about documents we file with the SEC that will be incorporated by reference into the prospectus. You may access the Form 10-K electronically through the SEC's web site, <http://www.sec.gov>.

USE OF PROCEEDS

We will use the net proceeds from the offering of the Notes, estimated at \$198.7 million, for general corporate purposes, including the repayment of commercial paper. At April 9, 1999, our outstanding commercial paper had maturities ranging from 5 to 18 days and bore an average weighted interest rate of 4.82%.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the ratio of our earnings to fixed charges excluding minority interest for the periods indicated:

YEAR ENDED DECEMBER 31,

1998	1997	1996	1995	1994
----	----	----	----	----
5.20	4.84	4.21	3.48	3.56

For the purpose of computing the ratio of earnings to fixed charges excluding minority interest, earnings have been calculated by adding to income from continuing operations before income taxes the amount of fixed charges. Fixed charges consist of interest on debt and a portion of net rental expense deemed to represent interest. The ratio for the periods ended December 31, 1997, 1996, 1995 and 1994 were reclassified to reflect discontinued operations in 1998.

DESCRIPTION OF NOTES

THE FOLLOWING DESCRIPTION OF THE PARTICULAR TERMS OF THE NOTES OFFERED BY THIS PROSPECTUS SUPPLEMENT SUPPLEMENTS THE DESCRIPTION OF THE GENERAL TERMS AND PROVISIONS OF DEBT SECURITIES IN THE ACCOMPANYING PROSPECTUS.

GENERAL

The Notes will be issued under an Indenture, dated as of September 3, 1998 between us and SunTrust Bank, Atlanta, as Trustee, and will be limited to \$200,000,000 aggregate principal amount. The Notes will be issued in denominations of \$1,000 and integral multiples of \$1,000. The Notes are unsecured, will mature on April 15, 2004 and will rank on a parity with all our other unsecured and unsubordinated indebtedness.

The Notes will bear interest from April 14, 1999 at the rate per annum set forth on the cover of this prospectus supplement, payable on April 15 and October 15 of each year, commencing October 15, 1999, to the person in whose name the Notes are registered at the close of business on April 1 and October 1, as the case may be, immediately preceding that April 15 or October 15.

OPTIONAL REDEMPTION

The Notes will be redeemable, in whole or in part, at our option at any time, at a redemption price equal to the greater of (1) 100% of the principal amount of the Notes to be redeemed or (2) as determined by a Quotation Agent, as defined below, the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed, not including any portion of these payments of interest accrued as of the date on which the Notes are to be redeemed, discounted to the date on which the Notes are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Adjusted Treasury Rate plus 10 basis points, plus, in each case, accrued interest on the Notes to be redeemed to the date on which the Notes are to be redeemed.

"Adjusted Treasury Rate" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue, expressed as a percentage of its principal amount, equal to the Comparable Treasury Price for that redemption date.

S-3

"Comparable Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

"Comparable Treasury Price" means, with respect to any redemption date, (1) the average of the Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of these Reference Treasury Dealer Quotations, or (2) if the Trustee obtains fewer than three Reference Treasury Dealer Quotations, the average of all the Quotations.

"Quotation Agent" means the Reference Treasury Dealer selected by us.

"Reference Treasury Dealer" means (1) Credit Suisse First Boston Corporation, Chase Securities Inc., J.P. Morgan Securities Inc. and Salomon Smith Barney Inc. and their respective successors; provided, however, that if any of these firms shall cease to be a primary U.S. Government securities dealer in New York City (a "Primary Treasury Dealer"), we shall substitute for that firm another Primary Treasury Dealer, and (2) any other Primary Treasury Dealer selected by us.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by that Reference Treasury Dealer at 5:00 p.m. on the third Business Day, as defined in the Indenture, before that redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the Notes to be redeemed. Unless we default in payment of the redemption price on the redemption date, interest will cease to accrue on the Notes or portions of Notes called for redemption on and after the redemption date.

The Notes are not entitled to the benefits of any sinking fund.

Defeasance

The provisions in the Indenture allowing us to discharge the entire indebtedness on all outstanding Notes by defeasance or covenant defeasance will apply to the Notes. See "Description of Debt Securities -- Defeasance and Discharge" on page 10 in the accompanying prospectus for a description of the terms of any defeasance of this kind.

Global Notes

The Notes will be represented by one or more Global Notes deposited with DTC as the Depository for the Notes and registered in the name of DTC's nominee.

When a Global Note is first issued, the Depository for the Global Note will credit the accounts of persons holding interests in that Global Note with the respective principal or face amounts of the Notes represented by that Global Note. Ownership of beneficial interests in any Global Note will be limited to participants and to persons that may hold interests through institutions known as "participants" that have accounts with the Depository. Ownership of beneficial interests by participants in any Global Note will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by a Depository or its nominee for that Global Note. Ownership of beneficial interests in any Global Note by persons that hold through a participant will be shown on, and the transfer of that ownership interest within that participant will be effected only through, records maintained by that participant.

The total amount of any principal and interest due on any Global Note on any interest payment date or at maturity will be made available to the Trustee on that date. As soon as possible after that date, the Trustee will make the payments to the Depository. Neither we, the Trustee, the Paying Agent, our agent nor the Trustee's agent will have any responsibility or liability for any aspect of the Depository's records relating to or payments made on account of beneficial ownership interests in any Global Note or for maintaining, supervising or reviewing any of the Depository's records relating to the beneficial ownership interests.

We have been advised by the Depository that upon receipt of any payment of principal or interest on a Global Note, the Depository will immediately credit, on its book-entry registration and transfer system, the accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of a Global Note as shown on the records of the Depository. Payments by participants to owners of beneficial interests in a Global Note held through these participants will be governed by standing instructions and customary practices, as is now the case with securities held for customer accounts registered in "street name", and will be the sole responsibility of these participants.

Global Notes may not be transferred except as a whole by a nominee among the Depository and its nominees and successors. In any of the cases below, any Global Note is exchangeable for definitive Notes in registered form, bearing interest at the same rate, having the same date of issuance, maturity and other terms and of differing denominations aggregating a like amount, only if

- o the Depository notifies us that it is unwilling or unable to continue as Depository for that Global Note or if at any time the Depository ceases to be a clearing agency registered under the Exchange Act,
- o we in our sole discretion determine that any Global Note will be exchangeable for definitive Notes in registered form, or
- o any event will have occurred and be continuing which after notice or lapse of time, or both, would become an event of default with respect to the Notes.

If issued, the definitive Notes will be registered in the names of the owners of the beneficial interests in the Global Notes as provided by the Depository's relevant participants as identified by the Depository holding the Global Notes. Except as described in this paragraph, Global Notes are not exchangeable, except for Global Notes of like denomination to be registered in the name of the Depository or its nominee.

So long as the Depository for any Global Note, or its nominee, is the registered owner of the Global Note, the Depository or its nominee, as the case may be, will be considered the sole owner or holder of the Global Note for the purposes of receiving payment on the Notes, receiving notices and for all other purposes under the Indenture and the Notes. Except as provided above, owners of beneficial interests in any Global Note will not be entitled to receive physical delivery of Notes in definitive form and will not be considered the holders of Notes for any purpose under the Indenture. Accordingly, each person owning a beneficial interest in the Global Note must rely on the procedures of the Depository and, if that person is not a participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder under the Indenture. The laws of some jurisdictions require that some types of purchasers of securities take physical delivery of the securities in definitive form. The limits and laws described in this paragraph may impair the ability to transfer beneficial interests in Global Notes.

We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in any Global Note desires to give or take any action which a holder is entitled to give or take under the Indenture, the Depository would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through these participants to give or take that action or would otherwise act upon the instructions of beneficial owners owning through them.

We have been advised by DTC that it is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions in

deposited securities through electronic computerized book-entry changes in participants' accounts. This eliminates the need for physical movement of securities certificates. Participants include securities brokers and dealers, including the underwriters, banks, trust companies, clearing corporations and other similar organizations. DTC is owned by a number of its participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to DTC's book-entry system is also available to others, such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

SunTrust Bank, Atlanta is the Paying Agent and Security Registrar with respect to the Notes and maintains a banking relationship with us.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated April 9, 1999, we have agreed to sell to the underwriters named below the following respective principal amounts of the Notes:

UNDERWRITER -----	PRINCIPAL AMOUNT -----
Credit Suisse First Boston Corporation	\$110,000,000
Chase Securities Inc.	30,000,000
J.P. Morgan Securities Inc.	30,000,000
Salomon Smith Barney Inc.	30,000,000

Total	\$200,000,000 =====

The underwriting agreement provides that the underwriters are obligated to purchase all of the Notes, if any are purchased. The underwriting agreement provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of Notes may be terminated.

The underwriters propose to offer the Notes to the public initially at the public offering price set forth on the cover page of this prospectus supplement and to selling group members at that price less a concession of .35% of the principal amount per Note. The underwriters and selling group members may allow a discount of .25% of the principal amount per Note on sales to other broker/dealers. After the initial public offering, the public offering price and concession and discount to broker/dealers may be changed by the underwriters.

We estimate that our out-of-pocket expenses for this offering will be approximately \$115,000.

The Notes are a new issue of securities with no established trading market. One or more of the underwriters intend to make a secondary market for the Notes. However, they are not obligated to do so and may discontinue making a secondary market for the Notes at any time without notice. No assurance can be given as to how liquid the trading market for the Notes will be.

We have agreed to indemnify the underwriters against liabilities, including civil liabilities under the Securities Act, or contribute to payments which the underwriters may be required to make in respect of these liabilities.

The underwriters or their affiliates engage in transactions with and perform services, including commercial and investment banking and hedging

services, for us and our affiliates in the ordinary course of business.

The underwriters may engage in over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act.

- o Over-allotment involves syndicate sales in excess of the offering size, which creates a syndicate short position.
- o Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.
- o Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions.
- o Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the Notes originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the Notes to be higher than it would otherwise be in the absence of these transactions.

DESCRIPTION OF DEBT SECURITIES

The following description sets forth certain general terms and provisions of the Indenture under which the Debt Securities are to be issued. The Debt Securities may be issued from time to time in one or more series. The particular terms of each issue of the Debt Securities (the "Offered Debt Securities") offered by any Prospectus Supplement and the extent, if any, to which the general provisions may apply to the Offered Debt Securities so offered will be described in the Prospectus Supplement relating to such Offered Debt Securities.

Offered Debt Securities are to be issued under an Indenture (the "Indenture"), between the Company and SunTrust Bank, Atlanta, as Trustee. A copy of the form of Indenture is filed as an exhibit to the Registration Statement of which this Prospectus is a part. The statements under this caption relating to the Debt Securities and the Indenture are summaries and do not purport to be complete. The term "Securities" as used under this caption, refers to all Securities which may be issued under the Indenture and includes the Debt Securities. All section references appearing herein are to sections of the Indenture.

GENERAL

The Debt Securities will be unsecured obligations of the Company and will rank on a parity with all other unsecured unsubordinated indebtedness of the Company. As of the date of this Prospectus, no Securities have been issued

under the Indenture. The Indenture does not limit the aggregate principal amount of Securities which may be issued thereunder and provides that Securities may be issued thereunder from time to time in one or more series.

Reference is made to the applicable Prospectus Supplement for the following terms of and information relating to the Offered Debt Securities: (i) the title of the Offered Debt Securities; (ii) any limit on the aggregate principal amount of the Offered Debt Securities; (iii) the price or prices at which the Offered Debt Securities will be issued; (iv) the date or dates on which principal of, and any premium on, the Offered Debt Securities will be payable; (v) the rate or rates (which may be fixed or variable) at which the Offered Debt Securities shall bear interest, if any, or the method by which such rate or rates shall be determined, the basis on which such interest, if any, shall be calculated if other than a 360-day year consisting of twelve 30-day months, the date or dates

from which such interest, if any, will accrue and on which such interest, if any, will be payable and the related record dates; (vi) if other than the offices of the Trustee, the place where the principal of, and any premium and interest on, the Offered Debt Securities will be payable; (vii) any redemption, repayment or sinking fund provisions; (viii) if other than denominations of \$1,000 or multiples thereof, the denominations in which the Offered Debt Securities will be issuable; (ix) if other than the principal amount thereof, the portion of the principal amount due upon acceleration; (x) if other than U.S. dollars, the currency or currencies or currency unit or currency units in which the Offered Debt Securities will be denominated and in which principal of, and premium, if any, and interest, if any, on, the Offered Debt Securities will or may be payable; (xi) any index or formula used to determine the amount of payments of principal of and any premium and interest on the Offered Debt Securities; (xii) the terms and conditions, if any, pursuant to which the Offered Debt Securities may be converted or exchanged for other securities of the Company or any other person; (xiii) whether the Offered Debt Securities shall be issued in the form of one or more Global Securities (as defined in "Book-Entry System"); (xiv) the identity of any trustees, depositaries, authenticating or paying agents, transfer agents or registrars with respect to the Offered Debt Securities and (xv) any other specific terms of the Offered Debt Securities not inconsistent with the Indenture. (Section 3.01)

Unless otherwise indicated in the Prospectus Supplement relating thereto, the Offered Debt Securities are to be issued as registered securities without coupons in denominations of \$1,000 and any integral multiple of \$1,000. (Section 3.02) No service charge will be made for any transfer or exchange of such Offered Debt Securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. (Section 3.05)

Securities may be issued under the Indenture as Original Issue Discount Securities to be sold at a substantial discount below their stated principal amount. Federal income tax consequences and other considerations applicable to Offered Debt Securities will be described in the Prospectus Supplement relating thereto. (Section 3.01)

CERTAIN DEFINITIONS

The term "Attributable Debt" in respect of any Sale and Lease-Back Transaction means as of the time of the determination, the lesser of (i) the sale price of the Principal Domestic Manufacturing Plant so leased multiplied by a fraction the numerator of which is the remaining portion of the base term of the lease included in such transaction and the denominator of which is the base term of such lease, and (ii) the total obligation (discounted to present value at the implicit interest factor, determined in accordance with generally accepted financial practice, included in the rental payments, or, if such interest factor cannot readily be determined, at a rate of interest of 11% per annum, compounded semiannually) under the lease for rental payments (other than amounts required to be paid on account of property taxes as well as maintenance, repairs, insurance, water rates and other items which do not constitute payments for property rights (such as those based on real or energy costs or savings) during the remaining portion of the base term of the lease included in such transaction).

The term "Consolidated Net Tangible Assets" means as of any particular time the aggregate amount of assets after deducting therefrom (a) all current liabilities (excluding any such liability that by its terms is extendable or renewable at the option of the obligor thereon to a time more than 12 months after the time as of which the amount thereof is being computed) and (b) all goodwill, excess of cost over assets acquired, patents, copyrights, trademarks, trade names, unamortized debt discount and expense and other like intangibles, all as shown in the most recent consolidated financial statements of the Company and its Subsidiaries prepared in accordance with generally accepted accounting principles.

The term "Consolidated Net Worth" means the sum of (i) the par value or stated value of the capital stock of the Company, (ii) the capital in excess of par value and (iii) the retained earnings, all as shown on the most recent consolidated balance sheet of the Company and its Subsidiaries, prepared in accordance with generally accepted accounting principles.

The term "Principal Domestic Manufacturing Plant" means any manufacturing or processing plant or warehouse (other than such manufacturing plant or warehouse which, in the opinion of the Board of Directors, is not of material importance to the total business conducted by the Company and its Subsidiaries taken as a whole) together with the land upon which it is erected and fixtures comprising a part thereof owned by the Company or any Subsidiary and located in the United States, if the gross book value (without deduction of any depreciation reserves) of all real property and fixed assets included in such plant on the date as of which the determination is being made exceeds 1% of Consolidated Net Worth.

The term "Restricted Subsidiary" means any Subsidiary which is organized under the laws of the United States or of any State or of the District of Columbia and transacts all or a substantial portion of its business in the United States and which owns a Principal Domestic Manufacturing Plant; provided, however, that the term shall not include Pitney Bowes Credit Corporation or any other Subsidiary (a) which is solely or primarily engaged in the business of providing or obtaining financing for the sale or lease of products sold or leased by the Company or any Subsidiary or which is otherwise primarily engaged in the business of a finance company either on a secured or an unsecured basis or (b) which is solely or primarily engaged in the business of owning, developing or leasing real property other than a Principal Domestic Manufacturing Plant.

The term "Sale and Lease-Back Transaction" of a corporation means any arrangement whereby property has been or is to be sold or transferred by such corporation to any Person with the intention on the part of such corporation of taking back a lease of such property with a term of more than 36 months pursuant to which the rental payments are calculated to amortize the purchase price of such property substantially over the useful life of such property, and such property is in fact so leased by such corporation.

The term "Subsidiary" means any corporation of which more than 50% of the outstanding voting stock is owned, directly or indirectly, by the Company or by one or more other Subsidiaries, or by the Company and one or more other Subsidiaries. For the purposes of such definition, "voting stock" means stock which ordinarily has voting power for the election of directors, whether at all times or only so long as no senior class of stock has such voting power by reason of any contingency.

The term "U.S. Government Obligations" means securities which are (i) direct obligations of the United States of America for the payment of which its full faith and credit is pledged or (ii) obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States of America the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America, which, in either case are not callable or redeemable at the option of the issuer thereof, and shall also include a depository receipt issued by a bank or trust company as custodian with respect to any such U.S. Government Obligations or a specific payment of interest on or principal of any such U.S. Government Obligation held by such custodian for the account of the holder of a depository receipt, provided that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the U.S. Government Obligation or the specific payment of interest on or principal of the U.S. Government Obligation evidenced by such depository receipt.

The term "Wholly-Owned Restricted Subsidiary" means a Restricted Subsidiary all of the outstanding voting stock of which, other than directors' qualifying shares, and all the Preferred Stock (as defined) of which shall at the time be owned by the Company or by one or more other Wholly-Owned Restricted Subsidiaries, or by the Company and one or more other Wholly-Owned Restricted

Subsidiaries. (Section 1.01)

CERTAIN RESTRICTIONS

LIMITATIONS ON LIENS

The Indenture provides that if the Company or any Restricted Subsidiary shall issue, assume, guarantee or become liable for any evidence of indebtedness for money borrowed ("Indebtedness") secured by a mortgage, security interest, pledge or lien ("Mortgage") on any Principal Domestic Manufacturing Plant, or shares of capital stock

5

or Indebtedness of any Restricted Subsidiary, the Company will secure or cause to be secured the Debt Securities equally and ratably with (or prior to) such secured Indebtedness, unless the aggregate amount of all such secured Indebtedness would not exceed 10% of Consolidated Net Tangible Assets. (Section 10.06)

Such limitation will not apply to Indebtedness secured by (a) Mortgages on property of any corporation existing at the time such corporation becomes a Restricted Subsidiary, (b) Mortgages on any property existing at the date of the initial issuance of securities pursuant to the Indenture or at the time of acquisition thereof, (c) Mortgages on property of a corporation existing at the time such corporation is acquired (including by way of merger or consolidation) by the Company or a Restricted Subsidiary or a Restricted Subsidiary is merged into such corporation or at the time of a sale, lease or other disposition of the properties of such corporation (or a division thereof) as an entirety or substantially as an entirety to the Company or a Restricted Subsidiary, provided that such mortgage as a result of such merger, consolidation, sale, lease or other disposition is not extended to property owned by the Company or such Restricted Subsidiary immediately prior thereto, (d) Mortgages securing Indebtedness of a Wholly-Owned Restricted Subsidiary to the Company or to another Wholly-Owned Restricted Subsidiary, (e) purchase money and construction Mortgages entered into within specified time limits, (f) mechanics' liens, tax liens, liens in favor of, and to secure progress, advance or other payments or the acquisition of real or personal property from any governmental body pursuant to contract or provision of statute, and other liens, charges and encumbrances incidental to construction, conduct of business or ownership of property of the Company or any Restricted Subsidiary which were not incurred in connection with borrowing money, obtaining advances or credits or the acquisition of property and in the aggregate do not materially impair the use of any Principal Domestic Manufacturing Plant for which it is held or which are being contested in good faith, (g) liens arising by reason of any judgment, decree or order of a court so long as proceedings to review such judgments shall not have been terminated or the period in which to initiate such proceedings shall not have expired, or (h) any extension, renewal or replacement of any of the aforementioned Mortgages not in excess of the principal amount of such Indebtedness plus the fee incurred in connection with such transaction. (Section 10.06)

LIMITATIONS ON SALE AND LEASEBACK TRANSACTIONS

The Indenture provides that neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction involving any Principal Domestic Manufacturing Plant unless the aggregate amount of all Attributable Debt with respect to such transactions plus all Indebtedness secured by Mortgages on Principal Domestic Manufacturing Plants (with the exception of secured Indebtedness which is excluded as described in "Limitations on Liens" above) would not exceed 10% of Consolidated Net Tangible Assets.

Such limitation will not apply to any Sale and Lease-Back Transaction if (a) the lease is for a period of not more than three years, (b) the purchaser's commitment is obtained within 180 days after the acquisition, construction or placing in service of the Principal Domestic Manufacturing Plant, (c) the rent payable pursuant to such lease is to be reimbursed under a contract with the

United States Government or any instrumentality or agency thereof, (d) the transaction is between the Company and a Wholly-Owned Restricted Subsidiary or between Wholly-Owned Restricted Subsidiaries, (e) the Company or such Restricted Subsidiary would be entitled as described in "Limitations on Liens" above, to mortgage such Principal Domestic Manufacturing Plant without equally and ratably securing the Debt Securities, or (f) the Company or such Restricted Subsidiary, within 180 days after the effective date of the transaction, applies to the retirement of Debt Securities or other Indebtedness of the Company or a Restricted Subsidiary an amount equal to (A) either (i) the lesser of the net proceeds of the sale or transfer or the book value at the date of such sale or transfer of the Principal Domestic Manufacturing Plant leased, if the transaction is for cash, or (ii) the lesser of the fair market value or the net book value at the date of such sale or transfer of the Principal Domestic Manufacturing Plant leased, if the transaction is for other than cash, minus (B) the amount equal to the principal amount of Debt Securities delivered to the Trustee within such 180 days for cancellation and the principal amount of Indebtedness voluntarily retired within such 180 days. (Section 10.07)

RESTRICTION ON CONSOLIDATION, MERGER, CONVEYANCE, TRANSFER OR LEASE

The Indenture provides that no consolidation or merger of the Company with or into any other Person and no conveyance, transfer or lease of its property substantially as an entirety to another Person may be made (1) unless (i) the surviving corporation or acquiring Person shall be a corporation organized and existing under the laws of the United States of America, any State thereof, or the District of Columbia and shall expressly assume the payment of principal and any premium and interest on all the Securities and the performance of every covenant in the Indenture;

6

(ii) immediately after giving effect to such transaction, no Event of Default, and no event which after notice or lapse of time would become an Event of Default, shall have happened and be continuing; (iii) if, as a result thereof, any assets of the Company would become subject to a mortgage or other encumbrance which is not expressly permitted by the Indenture (see "Certain Restrictions--Limitations on Liens") unless all the outstanding Securities are secured by a lien upon such assets equal with (or prior to) that of the indebtedness secured by such mortgage or encumbrance; and (iv) the Company has delivered the required Officers' Certificate and Opinion of Counsel to the Trustee. (Section 8.01)

THE TRUSTEE

The Indenture contains certain limitations on the right of the Trustee, as a creditor of the Company, to obtain payment or claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. (Section 6.13)

SunTrust Bank, Atlanta, the Trustee under the Indenture, maintains a banking relationship with Pitney Bowes Credit Corporation, a Delaware corporation and a subsidiary of the Company.

BOOK-ENTRY SYSTEM

If so specified in the applicable Prospectus Supplement, the Offered Debt Securities may be represented by one or more certificates in global form (each a "Global Security"). Each Global Security will be deposited with, or on behalf of, a depositary, which, unless otherwise specified in the applicable Prospectus Supplement, will be The Depository Trust Company ("DTC"), New York, New York (including any successor depositary appointed by the Company, the "Depositary"). The Global Securities will be registered in the name of the Depositary or its nominee.

DTC has advised the Company that DTC is a limited purpose trust company organized under the laws of the State of New York, a "banking organization"

within the meaning of the New York banking law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants through electronic book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. The Depository's participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of which (and/or representatives of which) own the Depository. Access to the Depository's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Upon the issuance of a Global Security, the Depository will credit, on its book-entry registration and transfer system, the respective principal amounts of the Debt Securities represented by such Global Security to the accounts of participants. The accounts to be credited will be designated by the underwriters, dealers or agents, if any, or by the Company, if such Debt Securities are offered and sold directly by the Company. Ownership of beneficial interests in a Global Security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests by participants in a Global Security will be shown on, and the transfer of that ownership interest will be effected only through, records maintained by the Depository or its nominee (with respect to interests of participants) and on the records of participants (with respect to interests of persons other than participants). The laws of some jurisdictions may require that certain purchasers of securities take physical delivery of such securities in certificated form. Such laws may impair the ability to transfer beneficial interests in a Global Security.

So long as the Depository or its nominee is the registered owner of a Global Security, the Depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by such Global Security for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in such Global Security will not be entitled to have the Debt Securities represented thereby registered in their names, will not receive or be entitled to receive physical delivery of certificates representing the Debt Securities and will not be considered the owners or holders thereof under the Indenture. Accordingly, each person owning a beneficial interest in such Global Security must rely on the procedures of the Depository and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the Indenture.

7

Payment of principal of, and any premium and interest on, Debt Securities represented by a Global Security will be made by the Company through the Trustee or a paying agent (which may also be the Trustee) to the Depository or its nominee, as the case may be, as the registered owner and holder of the Global Security representing such Debt Securities. Under the terms of the Indenture, the Company and the Trustee may treat the persons in whose names the Offered Debt Securities are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes. Consequently, none of the Company, the Trustee, any paying agent or registrar for such Debt Securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

The Company expects that the Depository or its nominee, as the case may be, upon receipt of any payment of principal, premium or interest in respect of a Global Security, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Global Security as shown on the records of the Depository or its

nominee. The Company also expects that payments by participants to owners of beneficial interests in such Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name," and will be the responsibility of such participants.

A Global Security may not be transferred except as a whole by the Depository to its nominee or by a nominee of the Depository to the Depository or another nominee of the Depository or by the Depository or its nominee to a successor of the Depository or a nominee of such successor. If the Depository for a Global Security is at any time unwilling or unable to continue as depository and a successor depository is not appointed by the Company within 90 days, the Company will issue Debt Securities in certificated form in exchange for all of the Global Securities representing such Debt Securities. In addition, the Company may at any time and in its sole discretion determine not to have any Debt Securities represented by one or more Global Securities and, in such event, will issue Debt Securities in certificated form in exchange for all of the Global Securities representing such Debt Securities. Further, if the Company so specifies with respect to the Debt Securities of a series, an owner of a beneficial interest in a Global Security representing Debt Securities of such series may on terms acceptable to the Company and the Depository receive Debt Securities of such series in certificated form. In any such instance, an owner of a beneficial interest in a Global Security will be entitled to physical delivery in certificated form of Debt Securities of the series represented by such Global Security equal in principal amount to such beneficial interest and to have such Debt Securities registered in its name (Section 3.05).

EVENTS OF DEFAULT AND NOTICES THEREOF

The following events are defined in the Indenture as "Events of Default" with respect to Securities of any series: (a) failure to pay principal of or premium, if any, on any Security of that series when due; (b) failure to pay any interest on any Security of that series when due, continued for 30 days; (c) failure to deposit any sinking fund payment, when due, in respect of any Security of that series; (d) failure to perform any other covenant of the Company in the Indenture (other than a covenant included in the Indenture solely for the benefit of a series of Securities other than that series), continued for 90 days after written notice given to the Company by the Trustee or to the Company and the Trustee by the holders of at least 25% in principal amount of the Outstanding Securities of each series affected thereby; (e) certain events in bankruptcy, insolvency or reorganization of the Company; and (f) any other Event of Default provided with respect to Securities of such series. (Section 5.01)

If an Event of Default under clause (a), (b), (c), (d) or (f) above with respect to Securities of any series at the time Outstanding shall occur and be continuing, either the Trustee or the holders of at least 25% in principal amount of the Outstanding Securities of each such series voting separately, in the case of clause (a), (b), (c) or (f), or of all such series affected thereby, voting as one class, in the case of (d) above, may declare the principal amount (or, if the Securities of any such series are Original Issue Discount Securities, such portion of the principal amount as may be specified in the terms of such series) of all Securities of such series to be due and payable immediately. If an Event of Default under clause (e) above shall occur and be continuing, either the Trustee or the holders of at least 25% in principal amount of all of the Outstanding Securities may declare the principal amount (or, if the Securities of any series are Original Issue Discount Securities, such portion of the principal amount as may be specified in the terms of such series) of all outstanding Securities to be due and payable immediately. Under certain circumstances the holders of a majority in principal amount of Outstanding Securities of such series may rescind or annul such declaration

and its consequences. (Section 5.02) In the event the Company takes the necessary action to enable it to omit to comply with certain covenants of the Indenture as described under "--Defeasance of Certain Covenants" and the

Securities are declared due and payable because of the occurrence of an Event of Default, the amount of money and U.S. Government Obligations on deposit with the Trustee will be sufficient to pay amounts due on the Securities at the time of their Stated Maturity but may not be sufficient to pay amounts due on the Securities at the time of the acceleration resulting from such Event of Default. (Section 10.08) However, the Company shall remain liable for such payments.

Reference is made to the Prospectus Supplement relating to any series of Offered Debt Securities which are Original Issue Discount Securities for the particular provisions relating to the principal amount of such Original Issue Discount Securities due on acceleration upon the occurrence of an Event of Default and the continuation thereof.

The Indenture provides that the Trustee, within 90 days after the occurrence of a default with respect to any series of Securities, shall give to the holders of Securities of that series, notice of all uncured defaults known to it (the term default to mean the Events of Default specified above without grace periods), provided that, except in the case of default in the payment of principal of (or premium, if any) or any interest, or sinking fund installment, if any, on any Security, the Trustee shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of the Holders of Securities. (Section 6.02)

The Company will be required to furnish to the Trustee annually a certificate by certain officers of the Company to the effect that to the best of their knowledge the Company is not in default in the fulfillment of any of its obligations under the Indenture or, if there has been a default in the fulfillment of any such obligation, specifying each such default. (Section 10.09)

The Holders of a majority in principal amount of the outstanding Securities of any series will have the right, subject to certain limitations, to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the Securities of such series, and, in certain circumstances, the Holders of not less than a majority in principal amount of Outstanding Securities of any series (voting as a separate class) or the holders of not less than a majority in aggregate principal amount of Outstanding Securities of all Series (voting as a class), may waive certain defaults. (Sections 5.12 and 5.13)

The Indenture provides that in case an Event of Default has occurred and is continuing, the Trustee shall exercise such of its rights and powers under the Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. (Section 6.01) Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any of the holders of Securities unless they shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in compliance with such request. (Section 6.03)

MODIFICATION OF THE INDENTURE

Modifications and amendments of the Indenture may be made by the Company and the Trustee, with the consent of the holders of not less than a majority in aggregate principal amount of the Outstanding Securities issued under the Indenture which are affected by the modification or amendment, provided that no such modification or amendment may, without the consent of each Holder of each such Outstanding Security affected thereby, (1) change the stated maturity date of the principal of (or premium, if any) or any installment of interest, if any, on any such Security; (2) reduce the principal amount of (or premium, if any) or the interest, if any, on any such Security or the principal amount due upon acceleration of an Original Issue Discount Security; (3) change the place or currency of payment of principal (or premium, if any) or interest, if any, on any such Security; (4) impair the right to institute suit for the enforcement of any such payment on or with respect to any such Security; (5) reduce the above-stated percentage of holders of Securities necessary to modify or amend the Indenture; or (6) modify the foregoing requirements or reduce the percentage

of holders of outstanding Securities necessary to waive compliance with certain provisions of the Indenture or for waiver of certain defaults. (Section 9.02)

DEFEASANCE AND DISCHARGE

The Indenture provides that with respect to the Securities of a certain series, unless otherwise specified, the Company will be discharged from any and all obligations in respect of such Securities (except for certain obligations to register the transfer or exchange of Securities, to replace stolen, lost or mutilated Securities, to maintain paying agencies and hold monies for payment in trust) upon the deposit with the Trustee, in trust, of money and/or U.S. Government obligations which through the payment of interest and principal thereof in accordance with their terms will provide money in an amount sufficient to pay any installment of principal (and premium, if any) and any interest on and any mandatory sinking fund payments in respect of such Securities on the Stated Maturity of such payments in accordance with the terms of the Indenture and such Securities. Such a trust may only be established if the Company has delivered to the Trustee an Opinion of Counsel acceptable to the Trustee (who may be counsel to the Company) to the effect that, among other things, establishment of the trust would not cause the Securities of any such series listed on any nationally-recognized securities exchange to be delisted as a result thereof and an Opinion of Counsel to the effect that the Company has received from or there has been published by the United States Internal Revenue Service a ruling to the effect that such a defeasance and discharge will not be deemed, or result in, a taxable event with respect to holders of such Securities. (Section 4.02) The designation of such provisions, Federal income tax consequences and other considerations applicable thereto will be described in the Prospectus Supplement relating thereto.

DEFEASANCE OF CERTAIN COVENANTS

The Indenture provides that with respect to the Securities of a certain series, unless otherwise specified, the Company may omit to comply with certain restrictive covenants described in Section 10.07 (Limitations on Liens) and Section 10.08 (Limitations on Sale and Leaseback Transactions) of the Indenture and with any additional negative or restrictive covenant of the Company (other than those contained in the Indenture) applicable to the Securities of such series if the Company deposits with the Trustee money and/or U.S. Government Obligations (as defined) which through the payment of interest and principal thereof in accordance with their terms will provide money in an amount sufficient to pay principal and any premium and interest on and any mandatory sinking fund payments in respect of such Securities on the Stated Maturity of such payments in accordance with the terms of the Indenture and such Securities. The obligations of the Company under the Indenture other than with respect to the covenants referred to above shall remain in full force and effect. The Company will also be required to deliver to the Trustee an Opinion of Counsel (who may be counsel to the Company) to the effect that the deposit and related covenant defeasance will not be deemed, or result in, a taxable event with respect to holders of the Securities. (Section 10.10) The designation of such provisions, Federal income tax consequences and other considerations applicable thereto will be described in the Prospectus Supplement relating thereto.

CONCERNING THE TRUSTEE

Unless otherwise specified in the applicable Prospectus Supplement, SunTrust Bank, Atlanta is the Trustee, paying agent and registrar under the Indenture.
